EXPERIENCE

Ace Digital Solution , Gurugram— Frontend Developer

1 June 2024 – 3 Jan 2025

Ace Digital Solution is a SEO digital marketing agency that also offers web development and Seo services for comprehensive online success.

Project | [Ace Digital Solution](#)

- Developed a high-performance web application using Next.js with a mobile-first, responsive design approach, featuring GSAP animations, Swiper sliders, and React Hook Form for efficient form handling, optimized for fast load times and seamless user experiences.

Project | [AirPort Airlines Terminal](#)

- Developed a high-performance web application using Next.js with a mobile-first, responsive design approach. Integrated an admin portal for blog management with features to add, delete, read, and update content, secured with admin user authentication. Utilized dynamic data fetching, server-side rendering for SEO, and streamlined content handling for seamless user experiences.

Project | [Google Translator](#)

- Developed [Google Translator](#) using React.js, featuring real-time translation, automatic language detection. With a responsive design and seamless API integration, it ensures fast, accurate translations across devices. The scalable, modular codebase highlights expertise in React.js and creating efficient tools for global communication.
